T.R.A. DOCKET ROOM

300 Bland Street
P.O. Box 770
Bluefield, WV 24701

November 29, 2004

Chairman Pat Miller
Tennessee Regulatory Authority
460 James Robertson Parkway
Nashville, TN 37243-0505

Dear Chairman Miller

Re Docket # 04-00398, Petition by the FCC, pursuant to
47 C F R 54 207(D), for TRA Agreement in Redefining
Service Areas

Attached is Frontier Communications' response to Staff's data request dated November 12, 2004, regarding the above-referenced docket. Frontier does not have any population density information by exchange. We have provided access lines per square mile, which is a quasi indicator of population density. Also, the fact that Frontier Communications has received and continues to receive Federal high cost funding for all our exchanges in TN, coupled with the fact that the TRA approved our disaggregation plans for TN, should serve as justification for our high cost designation.

If you have any questions, please contact me at 304 325.1216

Sincerely,

J. Michael Swatts
Regulatory Manager

Density per sq. mile for CTC-TN and CTC-Vol State

CTC-TN

Wire Ctr	Service Area	Line Counts	Square Miles	Density
ALGOOD	High Cost	3,142	31	101 35
